## PROFESSIONAL SUMMARY

---

Self-driven frontend and UI-focused developer who builds functional, user-centered web applications using AI-assisted development workflows — without a traditional software engineering background. Proficient in leveraging Claude and Cursor to design, prototype, and ship full-stack web projects. Background in education brings strong communication, user empathy, and the ability to explain technical concepts clearly. Actively pursuing a career in frontend development, backend development, or UI/UX design.

## TECHNICAL SKILLS

---

**Frontend:** HTML5, CSS3, Responsive Layouts, Web Design Principles, Mobile-First UI

**AI-Assisted Development:** Claude (Certified), Cursor (AI Code Editor), Gemini Pro, Vibe Coding, Full-Stack Prototyping via AI

**Tools & Software:** VS Code, Microsoft Office Suite, IT Inventory Management, Hardware Troubleshooting

**Soft Skills:** Team Leadership (National Level), Classroom Management, Bilingual Communication

## WEB DEVELOPMENT & AI PROJECTS

---

**Full-Stack Developer (AI-Assisted)** January 2026 – Present

*Independent Projects — Built using Claude + Cursor without a traditional engineering background*

- **Community Utility App:** Designed and developed a web app for Saipan residents to track local power outages and utility updates — handled both frontend UI and backend logic using AI-assisted workflows.
- **Health & Wellness Platform:** Built a responsive, full-stack web interface for health tracking and user data visualization, managing front-end layout and back-end data structure through Claude and Cursor.
- **UI/UX Design:** Created wireframes and user-centered layouts prioritizing mobile responsiveness, intuitive navigation, and accessibility.
- **AI Workflow Integration:** Used Claude and Cursor to prototype features, debug HTML/CSS structures, write backend logic, and optimize performance — demonstrating that AI-fluency is a real and transferable development skill.

## WORK EXPERIENCE

---

**IT Aide** September 2024 – January 2026

*Northern Marianas College (NMC)*

- Managed technology inventory and provided technical support to students and faculty.
- Troubleshot hardware and software issues, ensuring minimal downtime for campus digital resources.

**Student Teacher** August 2025 – December 2025

*Hopwood Middle School*

- Planned and delivered standards-aligned lessons for whole-class and small-group instruction.
- Implemented classroom management strategies and used data to support diverse learners.

**High Dosage Tutor** September 2022 – July 2024

*PSS, Koblerville Elementary School*

- Provided specialized reading and math assistance, collaborating with staff to implement lesson plans.
- Contributed insights in staff meetings to improve student engagement and learning outcomes.

**National Team Player** 2016 – 2022

*Northern Marianas Football National Team*

- Demonstrated elite-level discipline and leadership over a 6-year tenure, mentoring younger athletes.

## EDUCATION

---

**Bachelor of Science in Elementary Education** Graduated December 2025

*Northern Marianas College*

**Associate of Arts in Liberal Arts** *Graduated May 2023*

*Northern Marianas College*

## **CERTIFICATIONS**

---

- Claude AI Specialist Certification
- AI-Assisted Web Development Certificate
